VOL. XXXV.

STANFORD, KY., FRIDAY, FEBRUARY 7, 1908.

NO. 97.

## KINGSVILLE.

Rev. J. G. Livingston will preach for the Christian church here another year, beginning his services the fourth Sunday in February.

E. W. Creighton was in Burgin last week. Mrs. M. H. Creighton has purchased of W. H. Saunders, of Burgin, a pretty and comfortably dwelling and will take possession of it about the 10th of this month.

## Billy Klair is no Fool.

We knew Billy Klair when he was a little newsboy, and staked him once with 25 cents when he was financially embarrassed. We have been a close observer of his rise, from a newsboy to barkeeper, from barkeeper to hotel proprietor, from hotel proprietor to bank director and from bank director to a representative in the House and floor manager for the Democratic side. It goes without saying that he has accomplished more for the college and the public institutions than either Clay, Beck or Breckinridge or any other Representative. Now, because he has cast a complimentary vote for our distinguished fellow citizen, John K. Allen, there are few who believe that he is going to perform the Judas Iscariot act. We will not believe it until he commits suicide by voting against the nominee.

The Republican and mugwump papers like the Courier-Journal are making, or, rather trying to make capital out of this complimentary vote of Klair's, by shouting one more member has deserted Beckham, forgetting that they are branding the deserter as a Benedict Arnold. No, gentlemen of the quill, the Hon. William may be a shrewd politician, but he is not a fool.—Dick Reed in the Lexington Equity Journal.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Penny's Drug Store.

A mass-meeting of the farmers of Henry county, in which both those who favor raising a crop this year and those opposed took part, was held at New Castle. J. Campbell Cantrill spoke for the Barley Tobacco Society, urging the farmers not to raise a crop, while Judge Ben F. Hill took the other side of the question. When an effort was made to take a vote on the question the meeting broke up in disorder, both sides claiming a majority of those present.

A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. It's a pity that sick ones continue to drug the Stomach or stimulate the Heart and Kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth, and see. Penny's Drug Store.

The first silk hat was worn in the streets of London by John Hetherington, a haberdasher, on January 5, 1797. He was arrested for inciting a riot, but was dismissed with a reprimand.
